

Is this the kind of dental services you would like to receive?

“Today at the clinic, we saw some interesting patients. We saw a boy with an infected tooth cavity and he needed to get it removed. The extraction was intense and pretty hard to watch. There was no dental chair, spotlight or x-ray machine. Teeth must just be pulled. I watched as the dentist just climbed over behind the poor boy with one leg up and loosened, then yanked the tooth out.”

~Nursing Student at Kipkaren Clinic (8-11-09)

Spanda Inc. is a local nonprofit dedicated to combining optometry with other health care specialties to improve the lives of all individuals worldwide. The nonprofit was founded by local optometrist, Dr. DeAnn Fitzgerald.

In 2006, Spanda Inc. established a health care clinic in Kipkaren Kenya. With the advent of clean water in April of 2010, Spanda can now work to bring a full-scale dentistry program to the clinic, which will serve over 32,000 villagers.

Dentistry services are vital! Malnutrition has caused severe tooth decay and most villagers do not have the luxury of a toothbrush, toothpaste or dental floss. Instead they use “bottle brush” tree limbs to brush their teeth.

We are seeking sponsors to help us raise the needed money for a dental chair, an x-ray machine, and other dental equipment at our September 18th “KenYa See My Future in Your Eyes” Dental Banquet at the Crowne Plaza. An elegant evening of dining and entertainment will be complemented with a silent/live auction full of unique items. After the banquet, an after-party will be held at Zin’s. Won’t you help us?

Sponsorship Levels

***All Donations are tax deductible**

- | | |
|--|---------------|
| The Wisdom Level | \$5000 |
| (This level includes two tables (seating for 20) at the banquet and 8 after-party tickets; a full page ad in the program; Company logo on the Spanda Inc. website with a link to your business; a post on Spanda Inc.
