

DONATE CELL PHONES & PRINTER CARTRIDGES

Who:

The nonprofit organization Spanda Inc. is to always improve any conditions from the youngest child to the mature adult and to offer them the best possible eye care solution no matter their situation. With our Cedar Rapids rehabilitation and wellness Center and our Eye Care International we provide services to the general public of the health care needs for the less fortunate, we work among the underprivileged to provide training, resources and encouragement to break the cycle of poverty and help people recognize their importance.

How:

Approximately 200 million phones lie idle in the U.S. and 400 million printer cartridges are thrown out every day. Each phone, inkjet cartridge, and laser cartridge we recycle through a partnered organization raises money to help fund for our programs.

Drop off your old phone(s), inkjet cartridge(s), and laser cartridge(s)

Contact Us:

Spanda Inc. Attn: Sandy Mostaert
3225 Williams Parkway SW
Cedar Rapids, Iowa 52404
